

Special Dietary and Medication Requirements while Boarding

Client: _____ **Patient:** _____

Special Dietary Requirements: We feed Science Diet® Sensitive Stomach Canine Formula dry for our canine boarders and Science Diet® Sensitive Stomach Feline Formula for our feline boarders. If your pet needs a special diet, or you would prefer that he/she be fed something different, you will need to provide this diet for your pet, or you can purchase any of our Science Diet® or Hill's® products to be fed to your pet(s) during their stay.

Diet: _____ **Number of feedings per day:** _____

Amount per feeding: _____

Special Medication Requirements: All boarders on any medication are monitored daily by one of our team members. There is a \$6.50/day minimum charge for administering medication while boarding.
